CRAZY SEXY CANCER TIPS is an irreverent, warm and inspiring guide for women with cancer. When actress and filmmaker Kris Carr was diagnosed with a rare vascular cancer, she became a cancer cowgirl, vowing . . .

“Cancer needed a makeover and I was just the gal to do it!”

“I love Kris's book because it made me feel so many things. Familiar things. It made me laugh and reflect. And thank God she has the courage and generosity to share her experience. This book will be a comfort to so many who are going through the experience or who have graduated to survivor.”

—Sheryl Crow

“Kris is the ray of light that is needed to raise awareness of what it means to give back. What more can one wish for? She is a true leader of courage and inspiration.”

—Donna Karan

“Kris Carr has done something extraordinary: she has put cancer in its place. She has triumphed, and paved a path by which others can triumph too. She deserves our most heartfelt ‘Bravo.’”

—Marianne Williamson
